DETAILED INFORMATIVES

U12620 NPPF APPROVAL - Para. 186 and 187

In accordance with paragraphs 186 and 187 of the National Planning Policy Framework, Richmond upon Thames Borough Council takes a positive and proactive approach to the delivery of sustainable development, by:

- o Providing a formal pre-application service
- o Providing written policies and guidance, all of which is available to view on the Council's website
- o Where appropriate, negotiating amendments to secure a positive decision
- o Determining applications in a timely manner.

In this instance:

- o The application was acceptable as submitted, and approved without delay.

U12619 Composite Informative

Reason for granting:

The proposal has been considered in the light of the Development Plan, comments from statutory consultees and third parties (where relevant) and compliance with Supplementary Planning Guidance as appropriate. It has been concluded that there is not a demonstrable harm to interests of acknowledged importance caused by the development that justifies withholding planning permission.

Building Regulations:

The applicant is advised that the erection of new buildings or alterations to existing buildings should comply with the Building Regulations. This permission is NOT a consent under the Building Regulations for which a separate application should be made. For application forms and advice please contact the Building Control Section of the Street Scene department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

If you alter your proposals in any way, including to comply with the Building Regulations, a further planning application may be required. If you wish to deviate in any way from the proposals shown on the approved drawings you should contact the Development Control Department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

Damage to the public highway:

Care should be taken to ensure that no damage is caused to the public highway adjacent to the site during demolition and (or) construction. The Council will seek to recover any expenses incurred in repairing or making good such damage from the owner of the land in question or the person causing or responsible for the damage.

BEFORE ANY WORK COMMENCES you MUST contact the London Borough of Richmond upon Thames, 44 York Street, Twickenham TW1 3BZ, Telephone 020 8891 1411 to arrange a pre-commencement photographic survey of the public highways adjacent to and within the vicinity of the site. The precondition survey will ensure you are not charged for any damage which existed prior to commencement of your works.

If you fail to contact us to arrange a pre commencement survey then it will be assumed that any damage to the highway was caused by your activities and you will be charged the full cost of repair.

Once the site works are completed you need to contact us again to arrange for a post construction inspection to be carried out. If there is no further damage then the case will be closed. If damage or further damage is found to have occurred then you will be asked to pay for repairs to be carried out.

Noise control - Building sites:

The attention of the applicant is drawn to the requirements of section 60 of the Control of Pollution Act 1974 in respect of the minimisation of noise and vibration on construction and demolition sites. Application, under section 61 of the Act for prior consent to the works, can be made to the Environmental Health Department.

Under the Act the Council has certain powers to control noise from construction sites. Typically the council will limit the times during which sites are permitted to make noise that their neighbours can hear.

For general construction works the Council usually imposes (when necessary) the following limits on noisy works:-

Monday to Friday 8am to 6pm

Saturdays 8am to 1pm

Sundays and Public Holidays- No noisy activities allowed

Applicants should also be aware of the guidance contained in British Standard 5228:2009- Noise and vibration control on construction and open sites.

Any enquiries for further information should be made to the Commercial Environmental Health Team, 2nd Floor Civic Centre, 44 York Street, Twickenham TW1 3AB.
