Comments

Type of comment: Make a general observation

Comment: This proposal does not address the needs of pedestrians and cyclists using this area, who need safe space to move around, nor will it help the residents of Chertsey Court enjoy a less polluted living environment. Whatever changes are made to this area should be considered in conjunction with draconian restrictions on the use of cars and other vehicles, apart from public service vehicles, by the new residents of the Mortlake Development. Here is a great opportunity to boost public transport services in the local area and discourage private ownership of cars by all but the disabled/elderly
