Type of comment: Object to the proposal

Comment: I object to this development on the basis that it does little to improve infrastructure for westbound traffic. The addition of an additional Left Turn lane is welcome, however there is no consideration given to the approach to the new three-lane signal. A major impediment to traffic along this stretch is the single-lane approach to the traffic lights, given parking along the westbound side of the road, resulting in backing up of traffic as far back as the mini-roundabout at Mortlake High Street. Increased traffic from the Stag Brewery development will only make the situation worse. I believe further consideration needs to be given to the full stretch of road from White Hart Lane, SW13, to Chalkers Corner. Tackling the left-turn only will have a negligible effect, in my view.
