Comment: the reconfiguration of Chalkers Corner, as proposed, is not a radical enough solution. Traffic problems, at peak times, already exist. The road from Barnes via Mortlake to Chalkers Corner already tails back as far as Lonsdale Rd in morning and evening rush hours. The rail crossing at Sheen Lane is already clogged and potentially dangerous. The redevelopment of the Stag Brewery as outlined in proposal A and B, both being too large and too dense, will make these problems infinitely worse. Adjusting the layout of Chalkers Corner isn't doing enough to solve the problem.
