### Comments

**Type of comment:** Object to the proposal

**Comment:** I strongly object to the proposal. It seems unbelievable that in 2018 a proposal to increase pollution and noise levels for the residents of Chertsey Court, Lower Richmond Road and the surrounding area should even be considered. With a major development like the Brewery site consideration should be given to existing residents before accommodating the obvious massive increase in traffic that will ensue when this development is completed. Mature trees sop up noise and pollution, grass provides homes to insects and birds benefit from both. Environment nil, Developer wins again.
