Type of comment: Object to the proposal

Comment: Strongly object to the reconfiguration of the Chalkers Corner junction and removal of trees / land within Chertsey Court.

Junction is continuously noisy and air pollution is already exceeding the legal limit with many residents having significant health problems.

Further noise and air pollution will cause both distress and additional health issues to residents especially within the summer months when needing to open windows. Already constant noise and beeping of traffic is suffered by residents, particularly those living within the corner blocks nearest to the junction.
