

## Comment on a planning application

### Application Details

**Application:** 18/0549/FUL

**Address:** Chalkers Corner Junction At Junction Of Lower Richmond Rd South Circ And Clifford Avenue Richmond

**Proposal:** APPLICATION C: Reconfiguration of Chalkers Corner traffic junction, to include existing public highway and existing landscaped and informal parking area associated to Chertsey Court, to facilitate alterations to lane configuration, a new cycle lane, works to existing pedestrian and cycle crossing, soft landscaping and replacement boundary treatment to Chertsey Court.

### Comments Made By

**Name:** Ms Mirela Zotinca

**Address:** 58 Chertsey Court Clifford Avenue East Sheen London SW14 7RD

### Comments

**Type of comment:** Object to the proposal

**Comment:** The proposal to extend Chalkers corner and encroach on residential property is disgraceful, increasing noise and pollution for residents, and cutting down mature trees will damage the environment. The area is already in excess of the legal limit and this already worsen the situation.

The plans should look to discourage vehicles and focus on increased public transport. The congestion is already unbearable and this will only worsen it, creating more traffic jams and pollution. There is no where for additional traffic to go.

The developers traffic flow analysis is flawed, they observed traffic on a bank holiday, which is absolutely not reflective of normal traffic movement, and even their own statistics showed that at least half the journey times in the area increased considerably.

I object to the plans
