

## Comment on a planning application

### Application Details

**Application:** 18/0549/FUL

**Address:** Chalkers Corner Junction At Junction Of Lower Richmond Rd South Circ And Clifford Avenue Richmond

**Proposal:** APPLICATION C: Reconfiguration of Chalkers Corner traffic junction, to include existing public highway and existing landscaped and informal parking area associated to Chertsey Court, to facilitate alterations to lane configuration, a new cycle lane, works to existing pedestrian and cycle crossing, soft landscaping and replacement boundary treatment to Chertsey Court.

### Comments Made By

**Name:** Mr Terry Roberts

**Address:** 7 Portman Avenue East Sheen London SW14 8NX

### Comments

**Type of comment:** Object to the proposal

**Comment:** The increased traffic and road widening proposals at Chalkers Corner/Chertsey Corner are as a result of the over-developed proposal at the Brewery. If this development was reduced to a much more sensible size, then application C would not be necessary. There is already serious traffic congestion during most times of the day at this junction. Making it wider will not solve the problem - it will only encourage more cars to try and use it.

Why should the lives of so many people in Chertsey Court and along Lower Richmond Road be worsened by an overly ambitious scheme from a greedy developer?
