Comments

Type of comment: Object to the proposal

Comment: The proposals to change the junction at Chalker's Corner offer no benefit because vehicular access to and from Lower Richmond Road is dictated by the traffic lights and traffic flow at the junction on the Chertsey Road. Access is not limited by lack of space.

Traffic would be much closer to residents and this would have a severely detrimental effect in terms of noise disturbance and air quality.

Mature trees and open public green space would be lost.
