Address: 33 Leinster ave East sheen Sw147jw

Comments

Type of comment: Object to the proposal

Comment: This proposal will further pollute the environment for those living around Chalker corner and is detrimental to all living in East Sheen, Mortlake and Barnes

It reduces the green space for those actually living in Chertsey Court; will increase traffic noise for them as more traffic will be closer to their living spaces, but does not fundamentally solve the traffic issues either already in existence or arising from the new development.

This site access is bound by the river and the railway and existing residences and must feed into the existing, already overloaded infrastructure
