Type of comment: Object to the proposal

Comment: The removal of green space outside of Chertsey Court is not a viable solution to the increase in traffic due to the redevelopment of Stag Brewery and a new school. I can only see that this will cause more traffic to flow into the area, therefore causing even more pressure on an already treacherous level crossing at Sheen Lane.

The residents at Chertsey Court would also have to deal with more noise and traffic pollution, while losing their green space. Other options need to be looked at rather than widening the road, for example a collaboration with TFL on public transport to the area.
