**Comment:** I support the restoration work to marble Hill House. I hope the sports facilities will only be improved and not increased in size to become more dominant, noisy and intimidating and less safe for those who move slowly. Also, even though ramps and smooth paths are necessary to provide wheelchair access, disabled people and other pedestrians are put in danger if these become dominated by cyclists who ride far too fast through the park, unchallenged by law enforcement or park keepers. I also strongly object to any loss of trees and any reduction of access to any part of the park you can currently walk in. I hope any developments will not cause overcrowding in the car park or necessitate a much bigger car park.
