Comment: As a resident of East Twickenham, living within 50 yards from Marble Hill Park, I have taken an interest in the evolution of the proposals for landscape and building refurbishments and wish to confirm that the current application has taken account of concerns by many local residents and represents a balanced solution to necessary improvements. The Marble Hill House clearly needs to be made safe/repared for the benefit of future generations; my wife, an elderly neighbour and I are looking forward to the sensitive improvements of the Cafe facilities and as a keen gardener I am aware that major landscape maintenance and renewal is beneficial for the enjoyment of this magnificent riverside park into the future.

I am conscious that Marble Hill is a community asset not just for those living close to it - but for society as a whole and therefore strongly support the current application.
