Type of comment: Support the proposal

Comment: This is a great opportunity to conserve a historical site that needs much needed care. It is in poor condition and the offer is really limited. It could become an important hub for the local community. It could become a Twickenham treasure for generations to come. It would be a missed opportunity not to give support to this proposal when there is money to make things better for the site and for visitors. I believe in the power of heritage to make lives more meaningful. Marble Hill House could become an inspiration for future generations if there is an investment now.
