Type of comment: Support the proposal

Comment: Pope's Grotto Preservation Trust wishes to reiterate its support for this application and for the overdue improvement of Marble Hill and its environs.. We have watched the development of the detailed plans with interest and now consider that the current proposals have dealt with the reservations expressed and should now be approved. The importance of a reinvigorated Marble Hill cannot be overstated as it will be the leading feature of the Borough's " String of Pearls", those features of the Landscape Strategy including the Grotto which make this part of the Thames so precious.
