

## Comment on a planning application

### Application Details

**Application:** 18/0549/FUL

**Address:** Chalkers Corner Junction At Junction Of Lower Richmond Rd South Circ And Clifford Avenue Richmond

**Proposal:** APPLICATION C: Reconfiguration of Chalkers Corner traffic junction, to include existing public highway and existing landscaped and informal parking area associated to Chertsey Court, to facilitate alterations to lane configuration, a new cycle lane, works to existing pedestrian and cycle crossing, soft landscaping and replacement boundary treatment to Chertsey Court.

### Comments Made By

**Name:** Mr Spencer Kelly

**Address:** 3 South Worple Way East Sheen London SW14 8ST

### Comments

**Type of comment:** Object to the proposal

**Comment:** I object to this planning application for the proposed development as outlined as it will simply exacerbate existing traffic congestion, deteriorate air quality and negatively impact on existing local road users. The plans for Chalkers corner are not radical enough to ease congestion from traffic passing through Barnes to the A316 nor in the other direction from the A316 and will increase tail backs at the level crossing at Sheen Lane which is already a concern to public health and safety. The scale of nearly 700 residential properties, school, hotel, cinema and gym and the subsequent increase in traffic is way beyond what the community, it's environment and it's infrastructure can absorb.
