### Comments

**Type of comment:** Object to the proposal

**Comment:** The buildings are far too high, an extra story about our houses will dwarf our houses and provide privacy issues with people looking in.

The proposal is not in keeping with the surrounding areas. It's going to be densely populated and far too crowded.

I'm extremely concerned over the increased traffic on these already business roads, especially as there is only single space for cars and it will cause a back log.

There is inadequate parking. Even without permits, our street will be clogged over night and on Sunday. We need extended permits to manage this and confirmation that the new housing will not get permits for our streets - Crane Road.

There is inadequate planning of public space, access to river crane walk or any local amenities. This doesn't help to continue fostering the community feel.

This proposal seems to be ALL about cramming in as many houses as property, with a blatant disregard for the local community or design of the surrounding area.
