Comments

Type of comment: Object to the proposal

Comment: There is no need for this major change and loss of green space in Chertsey Court when we are trying to reduce car use. Better phasing of the traffic lights, removal of the bus stop outside the cemetery, Southbound, linking of the lights at Upper Richmond Road would all help. There are now intelligent traffic light systems in use in Milton Keynes that monitor the traffic and adjust the flow. Cheaper and less damaging. It is incongruous that present residents should suffer for the sack of speculators and incomers.
