Comments

Type of comment: Object to the proposal

Comment: I would like to object to this development on the following grounds: the height of the development which does not keep with surrounding property and would also result in a loss of privacy for neighbours as well as overshadowing and loss of light; it is an overly dense urban development for the area; there is inadequate parking provision; traffic generation would be entirely inappropriate for the local roads; local residents will only be disadvantaged by such a development. There are no benefits.
