

## Comment on a planning application

### Application Details

**Application:** 19/0646/FUL

**Address:** GreggsGould RoadTwickenhamTW2 6RT

**Proposal:** Demolition of existing buildings (with retention of single dwelling) and redevelopment of the site to provide up to 116 residential units and 175sq.m commercial floorspace; landscaped areas; with associated parking and highways works and other works associated with the development.

### Comments Made By

**Name:** Ms Janette Thomson

**Address:** 29 Crane Road Twickenham TW2 6RX

### Comments

**Type of comment:** Object to the proposal

**Comment:** Much of the application I have no problem with and can support. However, I have critical concerns:

1. Whilst residents of the development will not be able to get a parking permit for WT CPZ at the moment, they will be able to park in our road after 6.30pm. The evening is already very difficult for us to park and a potential increase of cars at this level would be unbearable. Also there is no guarantee that residents will not be able to get permits in the future. These roads are small and the population high already, so this fact would considerably affect the current residents
2. The increase in vehicle traffic does not appear to have been considered, particularly in the case of the corner access at the junction of Crane and Gould Roads. This is already an issue because of a lack of places to pull in on Crane Road.
3. The height of the building next to the Gould and Crane Road junction is too high for the area and would seriously affect the character of the area and would overlook nearby houses significantly.
