### Comments

**Type of comment:** Object to the proposal

**Comment:** I object to the proposal on the basis the high density of housing and the traffic and associated highway safety. The development provides no community benefit. The introduction of housing for 300+ would generate a massive burden on local resources. The scheme allows for 115 parking spaces only and no visitor parking which would negatively impact the newly installed CPZ. In summary, the proposal is ill thought out and insensitive to the local community.
