Comment: there are five storey blocks ,in an area virtually all 2 storey which will tower over surrounding buildings effecting privacy and overlooking them.

This is a very dense development ,with insufficient play space for the children ,there is no additional community space given. There is no attempt to give access to the River Crane and the river footpath.

There is no attempt to try to give amenities that will directly benefit the existing local residents. There is totally inadequate parking provisions for the number of units and the plans do not seem to have given any consideration to traffic volumes .
