### Comments

**Type of comment:** Object to the proposal

**Comment:** As a local resident I am deeply concerned about the impact of the proposal on local traffic congestion, available parking spaces, local school places and bus services. In addition, there will be an adverse impact to local services such as GP services, sports facilities and local open spaces. All of these areas are already over-subscribed and the additional strain put on them by the proposed residential and commercial units will stretch them to unacceptable levels. I therefore oppose this proposal.
