### Comments

**Type of comment:** Object to the proposal

**Comment:** I am object to the proposal for the following reasons namely:

- Layout and density - high density with limited external space for new residents; additional lack of adequate parking which will spill over into surrounding streets adding additional traffic to the congested network in peak times and the proposed heights do not confirm to surrounding homes and could lead to
- Overlooking / loss of privacy for the homes nearby. It will also result in a loss of light or overshadowing to the nearby homes

I am not against new housing, but this should be in keeping with the existing building heights three / max four storeys in a lower density so there is sufficient publicly accessible space / play space.
