Comments

Type of comment: Object to the proposal

Comment: Whilst I approve of empty premises being put to some good, I do feel that the size of this development will have a huge impact on the area. Has any thought been given to the amount of heavy traffic that will need to access the site & once it has been developed, where will the children that is is anticipated will live there, play & go to school? We have all fought to have the area designated as a CPZ to free up the parking spaces, but this is going to bring many more cars into the area & I don't expect there will be enough space for them to park on site?
