Comments

Type of comment: Object to the proposal

Comment: I object to the layout and density of this project. And the impact of a overly dense urban development on the local area and services.

Traffic generation highway safety and road access will all be dangerously effected. Following on from this. The adequacy of parking loading and turning. The surrounding streets are very narrow and overloaded with cars as it is.

I'm also concerned that the development doesn't have enough open space for people to play in.
