Comments

Type of comment: Object to the proposal

Comment: Lack of parking. It is already difficult to park in this area. I recently had to park in a different street and while my car was parked there somebody stole the catalytic converter .

Lack of bicycle parking facilities. Please add communal bike sheds to encourage people to use their bikes.

Negative appearance visually. the proposed development of four or five stories overlooks Gould Road and is an increase in the existing height of development . this will have a negative effect on the local environment.

Lack of children's playground insufficient space for children to play

Lack of any sustainability features. where are the solar panels?Where is the ultraefficient boiler and heating systems ? For example ground source heat pumps?

Where are the efficient drainage systems? there is a river nearby and this area is prone to flooding. you should include efficient rainwater run-off drainage systems.
