Address: 219 Lincoln Avenue Twickenham TW2 6NL

Comments

Type of comment: Object to the proposal

Comment: Inadequate parking provision for residents, contractors and visitors in the new development, leading to increased pressure on parking along nearby roads. We already experience the significant increase in parking along Meadway, leading to inadequate passing places for traffic to/ from Lincoln Avenue. Increased traffic on roads in the vicinity leading to increased safety hazards for cyclists and pedestrians on those roads, including the many children using Meadway and adjoining roads. The size, scale and density of the proposed development is out of keeping with the surrounding two-storey terraced houses. This makes it inappropriate in the context of this locality. Inadequate publicly-accessible space for all and play space for children. Lack of arrangements to embrace and enhance the adjoining public open space along the River Crane, unlike other developments that have contributed to significant improvements in river access, pedestrian routes and leisure space. This proposal represents a missed opportunity in that regard.
