Section 6 - Verified Views

View Data

Photographic Data
The photographic data for each verified view was taken on the following days:

View 2	Date Taken 04.05.18
Distance	100m
Level of Camera	5.6m
View:	From residential street to the north-west of the site
View 3	Date Taken 04.05.18
Distance	50m
Level of Camera	5.6m
View:	From Melliss Avenue
View 4	Date Taken 26.03.18
Distance	80m
Level of Camera	6.6m
View:	From public gardens to the south of the site
View 6	Date Taken 26.03.18
Distance	525m
Level of Camera	4.6m
View:	From Chiswick Quay and Mortlake Anglian and Alpha Boat Club
View 7	Date Taken 17.04.18
Distance	195m
Level of Camera	4.6m
View:	From Chiswick Staithe Riverfront

Section 6 - Verified Views

View 2

Date Taken 04.05.18
Distance 100m
Level of Camera 5.6m
View: From residential street to the north-west of the site

Existing Level 1 AVR - Spring

View 2 illustrates the proposals in context looking south from Melliss Avenue towards Saffron House.

With the removal of the existing trees along Melliss Avenue, the main vista along is opened up, providing a clear view to the entrance of Saffron House beyond, and a much increased sense of openness and space to the rear of the Town-houses, and much improved quality to this residential street.

Proposed Level 3 AVR - Spring

View 3

Date Taken 04.05.18
Distance 50m
Level of Camera 5.6m
View: From Melliss Avenue

Existing Level 1 AVR - Spring

View 3 illustrates the proposals in context when looking east from Melliss Avenue.

As one approaches the site from the main access road to the south, the building can be seen behind the town-houses to Melliss Avenue. With the car park to the south, the 20m setback from Saffron house can be clearly seen (providing daylight and sunlight benefits to these properties) and the towpath tree line in the background is now also visible.

Proposed Level 3 AVR - Spring
