Comments

Type of comment: Object to the proposal

Comment: In addition to my original objections, due to the closure of Hammersmith bridge and the massive increase in traffic flow along Mortlake High Street leading to Chalker corner, the area cannot take further increase in heavy lorries, vans, and goods vehicles.

Even without the HB addition, without a widening of the Mortlake road the road as it is cannot take the extra traffic that a hotel, housing, shops and the various other amenities would create.

In addition to the above my objection is to the over development and high density to this site. The effect on green open spaces, loss of trees, disruption of nature conservation and noise from use.
