Comments

Type of comment: Object to the proposal

Comment: I see nothing in this revised application that alters in any material way objections that I have previously made to this application. These objections still stand. Moreover it beggars belief that the council can even consider authorising a major redevelopment of this road junction with the current traffic situation throughout East Sheen and Mortlake. Any redevelopment in any form should be postponed until Hammersmith Bridge is reopened and the dire current traffic situation across the whole of the SW14 postcode is ameliorated significantly.
