Type of comment: Object to the proposal

Comment: This needs to be refused by the council. This will bring pollution and traffic noise and hazardous traffic generation closer to residents in Lower RICHMOND Road and Chertsey Court. Just altering one junction will not allow traffic to flow any easier it's the volume of traffic that causes the chaos and pollution. Since closure of Hammersmith bridge the area is already overburdened and Lower RICHMOND Road, Upper Richmond Road, Sheen Lane at crossing, Clifford Avenue are already at breaking point! Council please do not allow this whole development to happen you cannot put any more into an overfilling cup!
