Type of comment: Object to the proposal

Comment: There can be no justification in further loss of green space i.e. the community playing field. This site has already lost one significant open space. There is no need to dramatically change Chalker's Corner and Chertsey Court area. Better traffic light phasing, signage and enforcement will see this junction flow freely. These lights need to be coordinated with Clifford Avenue, Upper Richmond Road. There are now intelligent ATS systems that adjust the flow to avoid long green phases on empty roads. I can produce a plan for this junction that will improve matters at minimal cost. No new development can be allowed to have such a detrimental effect on present residents for the benefit of non resident speculators.
