### Comments

**Type of comment:** Object to the proposal

**Comment:** I OBJECT to this application on the grounds of increased car traffic that will be generated on Mortlake's gridlocked streets, and the subsequent increase in air pollution. I suffer from a respiratory condition and the potential worsening of air quality in future years is in contradiction to National and London policy, since we are in a declared Climate Emergency. The brewery redevelopment should be an exemplar of sustainable living, car free, and invest in improvements to public transport rather than highways works.
