### Comments

**Type of comment:** Object to the proposal

**Comment:** As well as my previous comments. I should like to add that if the parking availability is reduced that there should be no provision for any parking permits in WT CPZ. It would therefore seem that reducing availability may not be wise.

The proposed future bridge must be given a date by which it will be completed but this must be no later than the occupation of the first residential unit. The future bridge should also be for the use of vehicular traffic onto the carriageway leading to 3 Mereway Cottages. This would ameliorate the increase of traffic on to Gould, Crane and surrounding roads and increase the efficiency and safety of traffic flow in Gould, Crane and surrounding roads.
