Type of comment: Object to the proposal

Comment: As a resident living very close to the Greggs redevelopment site I object to the current (updated) plans as they:

- Fail to provide sufficient and / or appropriately located publicly accessible space or play space.
- Fail to properly open up the River Crane corridor.

And

- Fail to sit appropriately within the local context given the height (five stories) of parts of the plan in comparison to nearly all other residential properties in the area.
