Type of comment: Object to the proposal

Comment: I object to the current plans for the Greggs site on the following grounds:

Layout and density of building: There are too many houses for such a small site.

Traffic generation, highway safety and road access: The planned roads are too narrow for deliveries/removals/waste collection vehicles and the pavements are also too narrow.

Adequacy of parking, loading and turning: There will not be adequate space for large vehicles to operate safely and without causing congestion.
