**Type of comment:** Object to the proposal

**Comment:** I'm a resident of Norcutt road.

I have 3 young children and I do worry with the traffic that this new development will inevitably create , the safety and the road access.

I mean, such a small residential area with narrow 2 way streets and lots of kids and families ...

Gregg's factory is right on our back terrace so I don't know how the developers can guarantee that will be no loss of privacy and how can they reassure that we will not gonna end up with a dark living room/ conservatory due to the loss of light or overshadowing of the new construction..

The density and the height of the development is totally out of proportion for this area.

Very daunting indeed and can't really see any benefit for all of us.

Thanks
