Comments

Type of comment: Object to the proposal

Comment: I object to the proposal on the grounds off the high housing density which does not allow space for adequate parking or play areas. By reducing parking by 15 spaces to provide a small addition to amenity space, this has increased the parking problem. If the housing density was substantially reduced this could be a viable project.

As it stands there will be a large increase in traffic in an already crowded local area. The junction of Crane and Gould roads is currently a difficult place for cars and especially larger vehicles to pass and this will get worse if the development goes ahead.
