### Comments

**Type of comment:** Object to the proposal

**Comment:** The amended plans have not taken into account the previous comments from the local residents

1. The development has now removed 12 spaces that will only increase the demand on spaces in the streets that are already over crowded.

With no visitor parking spaces they will advise guests to arrive outside the WT parking times taking up our valuable spaces.

2. The density of the development will cause traffic issues Loading turning and public safety ,in an already congested area that is highly populated.

4. With a large increase of this amount of houses the local services would be put under more pressure (The Green Surgery, Local schools, etc)

5. The height of the flats is still significantly different from the surrounding area and not in keeping with the local housing and be an eyesore
