Subject: The Stag Brewery redevelopment

Dear Sir/Madam,

With regards to the application ref number 18/0547/FUL, I strongly feel that after the unexpected closure of Hammersmith Bridge the traffic plans for the Stag Brewery redevelopment have to be completely reconsidered. The traffic in the area has been unbearable since the closure of the bridge and the traffic in the borough could use a thorough and strategic review. Adding the redevelopment on top of this, without careful consideration of the changed circumstances, would lead to a further traffic nightmare.

Many thanks,
Sarah Willard & Dino Franz
26 Temple Sheen Rd, SW14 7QG
