Subject: The Stag Brewery Redevelopment

To Whom It May Concern.

My family are residents in East Sheen, 16 Park Drive SW14 8RD and have been for 20 years. I would like to raise our concerns with regards to proposed development of The Stag Brewery. Our main concern is with regards to the current traffic issues in our area, mainly due to the closure of Hammersmith Bridge which is currently looking like being closed for the next 3 to 4 years.

With this in mind the following issues would arise from the redevelopment of the Stag Brewery in the area:-

- Adequacy of parking, loading and turning
- Highway safety - a massive issue currently
- Traffic generation - can we cope with further increases
- Noise and disturbance resulting from further increased traffic
- Hazardous materials - pollution
- Road Access

Thank you for taking on board our concerns.

Yours sincerely,
Caroline Holmes
Local Resident
