DELEGATED REPORT

16/0523/DD09

HMP Latchmere House, Church Road, Ham, Richmond TW10 5HH

Site Description:

The application site comprises a 3.6 hectare L shaped site located partially within the London Borough of Richmond and partially within the Royal Borough of Kingston upon Thames. The northern portion of the site is part of the Ham Common Conservation Area including the three storey Latchmere House, an extensive former 19th Century residential property which has been designated as a BTM. The remainder of the site is predominantly characterised by a number of low rise buildings interspersed by hard court recreation area and surrounded by green amenity spaces. The site is a designated archaeological priority area and there are also a number of trees covered by TPOs.

The surrounding area is predominantly residential comprising of 1930s post 2-storey semi-detached and terraced family houses. Approximately 100m to the south of the site is the designated local shopping centre, Tudor Drive.

The existing vehicular access is at the north-west corner of the site is via Church Rod. The existing access would have accommodated large service vehicles and staff car trips associated with the former prison use. Directly adjoining the northern boundary of the site is the wooded area of Ham Common, an area designated as MOL, Public Open Space and an Other Site of Nature Importance.

Relevant History:

- Granted in 08.03.2019.

Planning condition NS05 (cycle parking) was originally granted permission under 16/0523/DD02 on 16.08.2016.

Proposal:

Details pursuant to condition NS05 (cycle parking) of planning permission 16/0523/VRC.

Professional Comments:

The main issues raised are whether the application is adequate in content and detail to discharge NS05 (cycle parking). The condition is detailed as follows:

U05661 NS05 Formally condition 5 (Cycle Parking)

No development, except for works of demolition, shall take place until details of secure cycle parking facilities for the occupants of the dwellings hereby approved have been submitted to and approved writing by the local planning authority. The facilities shall be implemented in accordance with the approved details prior to the occupation of the dwellings and shall be retained as such thereafter.

REASON: To ensure the development meets the Council's cycle standards

The following documents have been submitted:

- Cover Letter ref let.047.AS.KD.02050090 dated 14th Nov 2019
- Site Location Plan (Dwg P_001)
- Location of Latchmere House bin and bike store, prepared by Turkington Martin (dwg ref. LH 100)
- Cycle Store Design Intent (dwg ref. 4721 4 364), prepared by Brookes Architects.

The applicant has stated the proposed changes relate solely to the materials of the proposed communal cycle store and no changes are proposed to the number of cycle stands. The detail still confirms the cycle store would accommodate 14 bikes. The store is approximately 2.7m high, finished in timber panels. The proposed materials are not considered to harm the character and appearance of the site and area.

For the individual cycle parking storage for the houses within the development, the details of sheds remain as approved previously.

The detail has been reviewed by planning officers and conservation officers, who consider the cycle storage appropriate for the siting and materials.

Overall it is considered the submitted information is sufficient in detail to discharge condition NS05 (cycle parking) of planning permission 16/0523/VRC and it is recommended the application is **APPROVED**.
