Dear Sir / Madam,

18/0549/FUL

Re: Planning at the Stag Brewery,

The brewery certainly needs to be redeveloped but at what to cost to all who live, work and drive around that area? At this moment in time the traffic is an absolute nightmare and the level crossing at Sheen Lane does not help staying closed for twenty minutes at certain times causing a long delay. Chalkers Corner is a nightmare at any time. It would be great if the developers could revamp many of those buildings on the site already in a great condition. I would be completely opposed to anything being built on the football pitch. It will need a lot of cooperation from all parties to get this major project off the ground.

Yours faithfully,

Denis O'Sullivan.
