Dear Mr Scott,

Thank you for your email which I have forwarded directly to Lucy Thatcher for her attention.

We are conducting a Customer Experience Survey to gather customer feedback to help improve our services. The survey only takes 5 minutes and can be completed by using the link below.

Dear Miss Thatcher

**Our Ref:** 287057

**Your Ref:** 18/0549/FUL

Thank you for your consultation.

Natural England has previously commented on this proposal and made comments to the authority in our letter dated 19 April 2018.

**The advice provided in our previous response applies equally to this amendment although we made no objection to the original proposal.**

The proposed amendments to the original application are unlikely to have significantly different impacts on the natural environment than the original proposal.

Should the proposal be amended in a way which significantly affects its impact on the natural environment then, in accordance with Section 4 of the Natural Environment and Rural Communities Act 2006, Natural England should be consulted again. Before sending us the amended consultation, please assess whether the changes proposed will materially affect any of the advice we have previously offered. If they are unlikely to do so, please do not re-consult us.

Yours sincerely

**Paul Scott**

Consultations Team

Technical Services, Natural England

County Hall, Spetchley Road, Worcester, WR5 2NP

Tel: 020 822 58682

[consultations@naturalengland.org.uk](mailto:consultations@naturalengland.org.uk) | [www.gov.uk/natural-england](http://www.gov.uk/natural-england)

We are here to secure a healthy natural environment for people to enjoy; where wildlife is protected and England's traditional landscapes are safeguarded for future generations. Also, in an effort to reduce Natural England's carbon footprint I will, wherever possible, avoid travelling to meetings and attend via audio, video or web-conferencing.

Natural England offers two chargeable services: the [Discretionary Advice Service](#), which provides pre-application and post-consent advice on planning / licensing proposals to developers and consultants; and the [Pre-submission Screening Service](#) for European Protected Species mitigation licence applications. These services help applicants take appropriate account of environmental considerations at an early stage of project development; reduce uncertainty; the risk of delay and added cost at a later stage while securing good results for the natural environment.
