Dear Kate

Re: planning application for the Stag Brewery site (nos: 18/0547/FUL; 18/0548/FUL; 18/0549/FUL)

I would like register my opposition to the proposed development of the site at the former Stag Brewery in Mortlake. We live at 81 Lower Richmond Road SW14 and will be seriously and directly affected by the proposed development.

The number of new dwellings proposed for the site is too many. The site itself is constrained by the river, the railway line and the other main roads in the area (particularly the A316 and the SCR at this end of Mortlake). Traffic has always been heavy in Mortlake and particularly along the Lower Richmond Road – but the recent closure of Hammersmith Bridge has added considerably to congestion.

Any development at Mortlake has to take full account of these transport and congestion constraints. The planning proposals are deficient because:
