Subject: Objection to Planning Application

Dear Sir or Madam

We are writing to object to the planning applications for the Stag Brewery redevelopment.

In particular, we object to proposed school on the grounds that it will greatly increase traffic on the Lower Richmond Road, and decrease air quality. This is already an issue for residents and students at the nearby Chiswick school.

We also object to the likely strain on services by the addition of over a thousand people on the site. This includes policing, healthcare and transport.

Please don't pass this application.
