Subject: Application ref: 18/0549/FUL - Chalker's Corner

I write to object to the proposal to reconfigure the junction at Chalker's Corner. While the proposal may improve flow for the current level of traffic, it may be insufficient to accommodate the additional traffic moving to and from the new development. In addition, it removes the trees which currently to some extent protect the residents of Chertsey Court from pollution (currently in excess of official guidelines) and noise. Those residents' lives will be severely affected.
