Environment Directorate,  
LBRuT,  
Civic Centre,  
44 York St,  
Twickenham,  
TW1 3BZ

10 May 2018

Dear Sir,

I object to this planning application. Tarmac would be encroaching on our grounds. We especially need our trees because they act as a natural barrier against traffic noise. I can't bear the thought of 20-tonne lorries coming up close to our flats. There is the obvious danger that this would create for cyclists, children and elderly pedestrians.

Apart from that, there is the associated air pollution. You can already smell strong traffic fumes, especially when the air is still, and this would bring on health adversities.

Yours faithfully,

  
Patrick Kearns
