Village (Twickenham Village)

Village Character Area (Lincoln Avenue and surrounds - Area 2 Twickenham Village Planning Guidance Page 20 CHARAREA13/02/01)

Ward (South Twickenham Ward)

End of constraint report.

Number of Development Control cases: 2

Ref	Proposal	Received	Valid	Decision	Officer	Dec Date	Appeal lodged	Appr Dec Date

19/2343/ES191	This is a flood defence structure, that also allows to manage flow levels at Duke of Northumberland River to provide enough flow for the Thames Water Treatment Works water abstraction. This asset is comprised of a 8 metre wide tilting gate, all related Electrical and Mechanical equipment and an existing bypass. There are also measurement and telemetry devices up and downstream of the gate. As part of the control system there is an Kiosk located in the right bank, where there is a control panel to operate the gate. This gate has been in service for more than 75 years, and was successfully refurbished 30 years ago to maintain the current standard of protection.	29/07/2019					
10/2479/PS192	Installation of stop log isolation system, to be fixed to channel walls.	26/08/2010	31/08/2010	granted permission	VIH	27/10/2010
